TOWN WARRANT

THE STATE OF NEW HAMPSHIRE.

To the Inhabitants of the Town of Fremont, in the County of Rockingham, in said State, qualified to vote in Town Affairs:

[L. S.]

You are hereby notified to meet at the Town Hall in said town on Tuesday, the tenth day of March, at ten (10) of the clock in the forenoon, to act upon the following subjects:

1. To chose a town clerk.
2. To choose one selectman for three years.
3. To choose a town treasurer, auditor, one Library trustee and one trustee of Trust Funds.
4. To choose two or more highway agents, one of whom shall have the care and maintenance of the State Highways within the town under the supervision of the State Highway Department.
5. To choose all other necessary officers.
6. To raise and appropriate such sums of money as may be necessary for the following purposes; to defray town charges; for care of cemeteries; for repairs of highways and bridges; for support of Town Poor; and for Memorial Day.

7. To raise and appropriate such sum of money as may be necessary to obtain State Aid for building State road, and designate upon which road said joint money shall be expended.

8. To raise and appropriate such sum of money as may be necessary for maintenance of State Road.

9. To see if the town desires to take any action in regard to automotive fire apparatus.

10. To see if the town desires to subsidize a physician if located in this town.

11. To see if the town will vote to raise the pay of the Moderator and if so to what figure.

12. To transact any other business that may legally come before the meeting.

Given under our hands and seal this day of February, in the year of our Lord nineteen hundred and twenty-five.

LYMAN S. HOOKE,
GEORGE A. BASSETT,
EUGENE D. SANBORN,
Selectmen of Fremont.

A true copy of warrant. Attest:

LYMAN S. HOOKE,
GEORGE A. BASSETT,

July 8, 1924.

REPORT OF THE SUPERINTENDENT OF SCHOOLS.

February 9, 1925.

To the School Board and Citizens of Fremont:

This is my fifth annual report to you. Part of it refers to the year 1923-24, and part to 1924-25, the latter being the present school year.

ARE FREMONT SCHOOLS ECONOMICALLY MANAGED?

The *average cost per pupil* for the support of the schools plus the cost of administration and per capita tax to the State for 1923-24 was \$53. This is \$16 less than the average cost per pupil of all the towns of the state. If a situation should arise that made it necessary to increase the running expenses of the schools in this town \$1,500, the average cost per pupil would still be somewhat less than the average for the other town.

These figures should give the citizens confidence in their School Board.

HOW MANY OF FREMONT'S FUTURE CITIZENS WILL BE HIGH SCHOOL GRADUATES?

During the last five years 33% of the boys and girls have entered a high school. That is, out of every 10 pupils that enter grade 1, only 3 ever reach high school. The average of the state in 1922-23 was 58%. The future quality of a town is determined by the *average* education of *all* its future citizens more than by the education of its few leaders.

Percent of Grade I that Enter High School.

In New Hampshire	58%
Fremont	33%

Urge the boys and girls to enter and complete high school.

WE AGAIN BEAT OUR ATTENDANCE RECORD.

In 1922-23 the percent of attendance was the highest ever attained in the town according to existing records. For the year 1923-24 it went higher and reached 96.7%.

I believe that indicates that the pupils are very rarely absent except when severe weather compels or health demands. Nevertheless, the average number of sessions lost per pupil was 10. Sickness accounts for most of these, common colds being the greatest offender; epidemics of children's diseases come next.

MORE ATTENTION TO HEALTH SUPERVISION.

Franklin has been using a thorough program of health supervision under a trained health supervisor. While epidemics and colds have been raging in the towns about Franklin, that town has been remarkably free from them, and the school officials are ascribing it to their health work in the schools.

So successful has the health supervision been under trained nurses in 53 of the towns in New Hampshire, that the State Board of Education will allow additional state aid to districts that co-operate with neighboring towns to employ a trained school nurse to supervise an intensive plan of health work in the schools. She goes to the homes to give *free* consultations concerning the defects found in the physical examinations. She assists in keeping the school free from head-lice, epidemics and colds. She encourages needed treatment of eyes, ears, throat, etc. She informs the parents concerning what cases need the attention of the family physician.

A good school nurse can make a marked improvement in the health of the children throughout a town. The school boards of four towns in this Supervisory Union have already voted to try to form a nursing union for this purpose. Most of the cost will be borne by the State.
